

\$206,856.85 ASKED FOR SUPPORT OF CITY SCHOOLS

This is an Increase of \$35,930
Over Last Year Owing to
Growth of Population

A budget totaling \$206,856.85, to cover the anticipated needs of the city schools for the year 1921-1922, was formulated by the Glendale Board of Education meeting Saturday evening at the Intermediate school.

A comparison with figures of last year shows that the new budget provides for an expenditure of \$35,930 more than the cost of school maintenance during 1920-1921. Despite this increase, however, the county tax rate which was 44 cents a \$100 last year will drop to 41 cents a \$100 for the current year in view of the increased valuation of property within the school district.

The final decision on the acceptance of the budget is dependent on the approval of the County Superintendent of Schools and the Board of Supervisors who will review the budget this month.

Taking up the matter contained in a letter from Thomas Watson, City Manager, which made inquiry as to what the Board of Education would do in regard to meeting the expense of paving the streets adjacent to the Doran Street School, the board instructed R. D. White, Superintendent of Schools, to reply to Mr. Watson's letter to the effect that due to the increased growth of the district and the increased cost of maintaining the school system it would be impossible for the Board of Education to make any appropriation toward street improvements. It is estimated that the street work would cost \$3600.

A section of the corner of Brand boulevard and San Fernando road which is a part of the Cerritos Avenue School grounds will be turned over to the city, it was voted by the board. This action was taken in view of the urgent desire of the Glendale Avenue Improvement Association that the entrance to Glendale avenue at San Fernando road be widened.

Mr. White, at the instruction of the board, is investigating the cost that would be required to transport pupils from the Verdugo Canyon district and the Grand View district to local schools.

GLENDALÉ SHARES IN ELK PUBLICITY

The Elks who did not see Glendale, saw its delegation in the big Los Angeles parade, or if they missed Glendale there, they saw and read about Glendale in the Pacific Coast Elk, which carried three pages of description, with pictures of the city as a feature of the Elks' celebration on the coast.

The Christian Endeavor National Organization also heard about Glendale, through the success of the convention here.

"We had four thousand people here," said Secretary Rhoades, "and we had no trouble in housing them. This is an exceptional record for any community that is not a large city with many transients."

MORE CITY PARKS TO BE PROPOSED

Plans for the development of two more city parks will be laid before the people in the early fall, it was announced today at the Chamber of Commerce, by Secretary Rhoades.

GARTERS OF GOLD LATEST PARIS FAD

PARIS.—If you really love your best girl, hand her a couple of quarters of a couple of \$20 gold pieces with which to keep her stockings up.

Mlle. Suzanne Lenglen, woman tennis champion of the world, inaugurated the fad. She found that the round garter—the only kind they wear in France—bound her leg too tightly and shut off blood circulation. She discovered that by placing a French "sou" or penny in the roll of her stocking, twisting it several times and then tucking it in at the top, she had an admirable garter.

French girls were quick to seize the opportunity to demand gold pieces—and they are very rare in France—of their lovers. One French actress announces that she now keeps hers up with gold pieces studded with diamonds.

THE OTHER FELLOW

Just because you have set aside a certain sum to be used for a rest and vacation is no reason why you should withhold that sum if the ones involved are of proper age and choose not to take the rest when you expect it.

Possibly the money might look better to them in the bank.

There is a chance that certain things are coveted by one member of your family which have never been put into words, and only the feeling of perfect freedom and the power to do it, would bring out the expression of longing.

If you are afraid to put this power into the hands of the one nearest and dearest, then you do not trust and love as you should.

Also, one cannot find out the heart's wishes of any member of a family at arm's length.

It is the mutual expression, the mingling and commingling of ideas, which puts a family on a basis of mutual enjoyment.

If your method of living is such that you cannot really get one another's point of view from observation, little family conferences at convenient periods are desirable for the perfect understanding and sympathy of the individuals.

Don't be so bent on a certain form of pleasure that you cannot see anything else till it hits you between the eyes.

POSTAL INSPECTOR REPORTS ON MAIL TRAIN SERVICE

Switch of mail service from the Pacific Electric to the Southern Pacific, is now under consideration of Assistant Postmaster General Hubert Works, at Washington, it was announced today by Postmaster George Hallitt.

An inspector, after a week's study of the local mail situation returned to Los Angeles compiled his report and forwarded it to Washington.

Whether or not Glendale will receive the service it has asked for, through the Chamber of Commerce, depends upon local and national conditions.

The local conditions relate to the distance of the Southern Pacific station from Glendale's business center and the cost of hauling pouches from the railroad station as against the present cost from the Pacific Electric.

If the Southern Pacific railway could be induced to establish a station closer to the business center, to be named Glendale, one of the objectionable conditions would be eliminated, it is said. The inspector found that carrying the mail on the Southern Pacific would give a mile more haul, which would necessitate a local hauling contract. He secured tentative bids on such a contract and has forwarded these figures to Washington.

From the mail transmission point of view, an advantage would be secured in handling Glendale mail bound north, but none in handling matter for the east by the way of Los Angeles, by transportation on the Southern Pacific. Eastbound and Los Angeles mail would go either way in closed pouches for working in Los Angeles. Northbound matter would be worked on the train. With the inspector's report, there is before Assistant Postmaster General Works, the petition of 2,000 citizens of Glendale asking for the improvement in postal facilities which was circulated by the Chamber of Commerce.

"We feel that we have gone as far as it is possible for us to go," said Secretary Rhoades of the Chamber, today. "It is now up to the Postmaster General."

FURNITURE COMPANY GLADDENS PATRONS

July 30 was the lucky day for the purchasers of furniture at the Page Furniture company, on East Broadway. Cash refunds have been made to all of the purchasers of furniture on that particular day to the full extent of their purchases. Therefore, quite a few of the residents of this city are wearing a smile that would be hard to wipe off.

AIRPLANE AND TRAIN CONNECT TO AID TWO TRAVELERS

Sky Pilot Starts Four Hours
Behind, But Completes
Task Before Time

How an aeroplane averaging 107 miles an hour was used by two women to catch the Rocky Mountain Limited, after the train had a start of four hours, is the story told today by Mrs. H. A. Hill, wife of the chief train dispatcher for the Colorado Division of the Rock Island, who is visiting here with her mother, Mrs. Jennie L. Darling, 108 South Everett street.

It seems that two prominent New York women by the name of Kellogg, who had been spending a vacation in Colorado Springs were due to make connections with a particular train out of Chicago on which they had made reservations for New York. At the outset, however, they encountered misfortune in failing to catch the Rocky Mountain Limited out of Colorado Springs and a later train would have gotten them into Chicago too late to catch the New York train.

"My husband, who is stationed in Goodland, Kan., received a wire from the Kellogg sisters," said Mrs. Hill, in describing the affair, "asking if he would hold up the Limited for a short time. He agreed to this and immediately the two women made arrangements with an aviator, John C. Lawson, to take them to Goodland from Colorado Springs."

"They must have flown mighty fast for the train had started out of Colorado Spring four hours before they were able to jump off from the hangar. It was just getting dark and that made it necessary to bring into use a search light mounted on the plane to guide them over the course the train had taken."

"Thirty miles west of Goodland the plane was forced to land to take on gasoline. It was off again as quickly as possible after the delay, but it had lost considerable time in the landing and by the time it arrived at Goodland my husband had held up the Limited thirty seven minutes. Dispatches later showed that the train arrived in Chicago on time."

"This connection between an aeroplane and a train is declared to have been the first successfully completed attempt in the west, according to H. I. McGuire, Colorado Springs passenger agent for the Rock Island."

"Of course I consider that it was my husband who was responsible for the accomplishment of the feat," concluded Mrs. Hill.

NEW AID FOR PAGE

HOTEL PROMOTION IS NEXT BIG TASK OF BOOSTERS

Promotion of the big new hotel, will begin this week, with the organization of a representative committee, by the Chamber of Commerce, it was announced today by Secretary Rhoades.

"The plans outlined sometime ago have not been dropped. They have merely been held in abeyance until the sewer bonds were assured."

"It was obviously impossible to go ahead with the plans for a big hotel, until a system of sewerage was established in the city."

"The sewer question having been decided, the hotel proposition will be presented to the city."

REVOLT COMMENCES AS RUSSIANS DIE

PARIS, Aug. 1.—A revolutionary uprising has added fresh terrors to the terrible famine and plague situation in Russia, but the government troops are crushing the rebels, said a Reval dispatch to L'Information today.

Four million starving, plague-stricken peasants, are reported to be moving towards Moscow from the cholera and famine districts.

The cholera is claiming 95 per cent of the residents of some districts.

The public service bureau has been notified by the workmen in the Volga district that all the factories will be turned back to their former owners under guarantees, the Reval dispatch added.

The Petrograd tramways are to be turned back to their Belgian owners.

Eight Hundred Thousand Men and Their Families En- listed by Council

(By International News Service)
SAN FRANCISCO, Aug. 1.—A comprehensive and sustained attack by 800,000 men and their families on the white plague was launched today at the international convention of the Knights of Columbus. Under the chairmanship of Dr. E. W. Buckley of St. Paul, supreme physician of the K. of C., the Knights through the United States and Canada will initiate and maintain an informal campaign against tuberculosis to be supported by state and local council aid in the maintenance of beds in sanitariums and the rendering of material aid to consumptives.

"After an exhaustive research and consultation with noted experts on tuberculosis," Dr. Buckley reported, "the Knights of Columbus anti-tuberculosis committee has concluded that concentrated localized activity if the most effective weapon against the spread of tuberculosis."

Serving with Dr. Buckley on the committee are Dr. James T. McMahon of New Haven, Conn., Dr. Wm. O'Brien of Boston, Thomas F. Lawler of Lansing, Mich., and James O'Toole of Pittsburg.

Knights of Columbus from all parts of the country met today to formulate final plans for the Knights of Columbus correspondence school system. The Knights, it was announced, plan the largest correspondence school in the United States to augment their free night school system numbering 132 units and serving 150,000 former service men and women.

Approximately 20,000 delegates and their friends are here today to attend the convention.

Secretary of Commerce Herbert Hoover today wired the convention congratulating the Knights on their educational work in promoting foreign trade service study among the ex-service men.

Other messages were received from Secretary of the Navy Denby and Ignace Padewski, former premier of Poland, who is at Paso Robles, Calif.

PARK CIVIC CENTER IDEA STILL LIVES

While the proposed civic center was defeated at the polls, the idea will be carried out as far as possible at Patterson park, Secretary Rhoades of the Chamber of Commerce announced today. "The new Patterson park will be developed along the lines of a civic center," he said, "but the development will be gradual."

"U. S. WILL CARRY ON," SAYS HARDING

(By International News Service)
PILGRIM AMPHITHEATER, PLYMOUTH, Mass., Aug. 1.—America stands today with "new hope" at the door of a new era which promises to bring the nation and world to "the state which God must have meant for those created in His own image," President Harding declared there today in an address at the Pilgrim tercentenary celebration.

"Our faith is firmer that war's causes may be minimized and overburdening armament may be largely diminished, and without surrender of the nationality which has inspired, or the good conscience which has defended," the President declared.

"The international prospect is more than promising and the distress and depression at home are symptomatic of early recovery," the President continued. "Solvent financially, sound economically—these United States will carry on!"

ELEVEN BACHELOR ELKS ARE JOYFUL

Verified reports that vans were unloading furniture in front of the Elks' Club, resulted in eleven celebrations by eleven Elks, who had already engaged the eleven rooms in the club as bachelor quarters, several months ago. In a few days, said eleven Elks will herd into the quarters and are expected to hold eleven distinct and separate housewarmings on eleven successive nights, according to the rituals of the Elks and the eleventh hour thereof.

The furniture, among other things, included a great tufted mattress, made to order, according to Secretary Kimball. The walls of the rooms are tinted in lemon yellow, and the furnishings are mahogany in tone.

PAINTS SHOWER AS MACHINES COLLIDE; ONE INJURED

Berger's Truck and Automobile
Meet at Central
Avenue and Dryden

Shrieks of grinding brakes, followed by a crash, and a shower of many colored paints spread over the intersection of Central avenue and Dryden this morning when in the center of the street, a truck driven by Claude Berger, of 403 East Lomita, loaded with paint and an automobile driven by A. Moss of Los Angeles, collided. K. Zack, of Los Angeles, accompanying Mr. Moss, was badly cut by broken glass. He was the only one injured.

Berger, who is a contracting painter, was driving to his work west on Dryden at 7:30 when the accident occurred. His truck was filled with open cans of many hues of paint. Driving south, came Moss with Zach.

At the intersection of Central avenue, Moss caught sight of the truck and set his emergency brake. Berger did the same.

Both machines, going at a good speed, skidded, into collision. The automobile struck the rear of the truck, tore off one truck wheel and whirled the truck around. Meanwhile the automobile swung to the right and bumped into the curb, caving in one of its own wheels and shattering its windshield.

Mr. Zach was hurried to the office of Dr. Margaret York where his wounds were attended to.

HIGH SCHOOL GETS C. OF C. SUPPORT

With the appointment of the committee of the Chamber of Commerce to work on the proposal for the new high school, to cost approximately \$400,000, investigation of the proposition will begin at once, J. M. Rhoades, secretary of the chamber, announced today.

"Glendale is already face to face with a school shortage," he declared. "We will be unable to house a large percentage of the children this fall."

BUYS SHOP FROM NEGRO PASSERBY

KANSAS CITY, Mo.—"Yes, there's one born every minute, as P. Barnum said."

E. Hober journeyed to Kansas City from his farm near Avondale, Mo. Hober was tired of tilling the soil. He knew of only one way by which he could earn his living in the big city.

"I will buy a poultry shop and live forever in the midst of my fellows, and the 'bright lights,'" he said. As Hober stood in front of a certain poultry shop, a negro approached.

"Like that?" asked the negro. "Gee, wish it was mine," replied Hober.

"You can have it for \$80," offered the negro.

The bargain was made. Hober paid the negro a \$10 bill on the spot. The remaining \$70 was to be paid at the same place the following morning. Hober made his appearance the next morning, but the negro did not show up. Hober then called the police.

'CHURCH AND TODAY' TOPIC OF REV. COLE SUNDAY

Rev. C. A. Cole's sermon subject at the Central Christian church yesterday morning was "The Church and Today." He said in part:

"The close of the World War found the church unprepared to grapple with the mighty problems confronting it, caused by changing conditions. Roosevelt once said that the world has known three eras—the Mediterranean, the Atlantic, and the Pacific. We are in the midst of the latter now, and it presents phases heretofore undreamed of. In the reorganization of world forces and world activities, the church should take the leadership, for nothing but the teachings of Jesus Christ can avert future calamities. Christians should pray, not only for our own executives, but for the rulers of other lands, particularly those of the Orient. The evangelism of the world is near at hand, whether we realize it or not, and it will come just as soon as the Church becomes one united body with the Bible as its only creed. The redemption of man is the one job that will last forever. All others end with the grave. The Bible will never be taught in the public school, and it should not be, but before 25 years, I predict it will be taught regularly in conjunction with public school work, by teachers employed and paid by the churches. The Book, the inspired word of God, giving forth the laws and commands of His only begotten son, is the one remedy for all the existing ills of today, and it is the work of the Church to so present it.

At the evening service, Miss Stella Tremaine, who is soon to sail for China to take up work in the mission field, gave half an hour's talk on that great country and the task confronting the missionaries. The outstanding fact in her address was that China must be Christianized, not only for her own salvation, but to insure the peace of the world, for should pagan China and Japan join hands against the white race, the former alone could put more fighting men into the field than did all the nations engaged on both sides during the late war. Miss Lulu Ethel Garton, who recently returned from six and one-half years' service as a missionary in India, spoke next, telling of her work there and the needs of the field.

WILL SAY GOOD-BYE TO DR. A. L. SHELTON

Dr. A. L. Shelton, whom Glendaleans heard describe the thrilling details of his capture by, and escape from, Chinese bandits, and tell of his missionary work in Tibet, the forbidden land, will start on his return to that land of snows, next Saturday. His wife will accompany him as far as India, where she goes to have her book published. She will return to America after that work is done, to look after the schooling of their two daughters. A farewell reception will be given Dr. and Mrs. Shelton tonight at the Long Beach convention.

CHRISTIAN CHURCH STATE CONVENTION

Many Glendale people motored to Long Beach this morning to attend the opening session of the Christian Church State Convention which will be devoted to missionary work. The delegation included Rev. and Mrs. C. A. Cole, Mrs. F. M. Elliott, Miss Lulu Garton, Mrs. E. H. Learned, Mrs. Floyd Mercer, Edgar Lloyd Smith, Misses Stella and Destel Tremaine, who are sisters-in-law of Mr. Smith. Mrs. Smith and children will attend Wednesday. The leading speaker of the convention, Rev. Charles S. Medbury of Des Moines, Iowa, will make an address tonight.

NO CHANGES HERE, SAYS POSTMASTER

"Changes may be made in the local office as the result of the appointment of Mr. O'Brien as postmaster at Los Angeles," said Postmaster George Hallett today, "but so far we have heard nothing of any in contemplation."

"While this office is under civil service, and, therefore, with a more or less permanent personnel, it is not possible to say what may, or could, be done by a new chief."

REGARDING YOUR SMALL SON!
MOTHERS OF SMALL BOYS: ATTENTION! Why not take caution to have a sole put on your small son's shoe that he cannot "run" off within a few short weeks? Mr. O'Neill of the EUREKA SHOE SHOP is a veritable wizard when it comes to half-sole boys' shoes—he'll put on a sole of good leather that will give you real service! The Eureka Shoe Shop is at 208½ East Broadway and you'll find a visit there well worth your while—for if any one knows how to properly sole shoes—it's Mr. O'Neill.

Fabrics soaked in borax water will come out clean with neither cloth nor color injured. Neither does borax water harm the hands as do the harsher cleansers.

LOVELY HAIR IS THE SECRET YEARNING OF EVERYWOMAN!

HOW CAN YOU EXPECT to have beautiful hair without giving it the proper attention? For a REAL shampoo, one that will leave your hair just as soft and fine as a baby's, try a Medicated Tar or Camomile Medicated Massage at WALT COTT'S BEAUTY SHOPPE, 136 South Brand boulevard. This super-shampoo, includes an electric hand massage and treatment with hot towels! If your hair is in need of a good sunning you may have it hand dried in the sunshine—or, if you'd rather, it can be quickly dried with Mrs. Walcott's new and up-to-date electrical dryers! And all for only \$1.50! I'll promise that when you're finished you'll never recognize yourself for the same person, for one's hair does make such a difference! Mrs. Walcott also gives a wonderful plain shampoo for 50 cents.

You can often use water in mixing a cake instead of milk and the cake will be lighter and less liable to scorch.

THAT YOUTHFUL APPEARANCE!

GOOD HEALTH AND HAPPINESS go hand in hand along the road to progress and prosperity! "A daily bath will do more to keep you in perfect health and vigor than any other one thing," says Mr. Sheehy of the GLENDALE PLUMBING COMPANY, 134-136 South Orange street. A modern bath room makes bathing a pleasure as well as a source of health! Is your bathroom modern and up-to-date? Is it as comfortably furnished as the rest of your home? Modern sanitary fittings in the bathroom will create an air of distinctiveness about a home that cannot be surpassed by any other high-grade furnishing or set of furniture! A bath room with up-to-date fixtures is worth ten times its cost to your family's health and comfort.

IN VOGUE

FRILLY AND FRIVOLOUS are the new accoutrements of skirts which are so much in vogue just now! And there's really no reason at all why you can't have one—just select your material—put in your hem and take the skirt width down to BROOKS' SHOPPE at 123 North Brand boulevard, for they are experts in knife, accordion and box pleating!—in fact they'll make it up any way you wish! Yes, and they do Knife Ruffle pleating, too!

FOR YOUR SUMMER COSTUME

THERE IS NOTHING that will so prettily set off an attractive summer costume as good looking white shoes! ZIT-LEEN of 140 North Brand boulevard, is offering his entire stock of ladies', men's and children's white shoes at a great reduction! Among them are white canvas, buck and kid in all of the popular new models including pumps and oxfords of excellent design and finish—even to Mary-Janes for children!

Why, did you know that it is a scientific fact that the women of the United States spend \$750,000,000 a year on their faces—chiefly for rouge, powder and creams? And there is nothing to compare with a daily bath for maintaining a youthful appearance—it gives a glow to the skin, a sparkle to the eyes, and a snap to the step that can be obtained in no other way—if they did but know it! But there must be ample bathing facilities for the whole family in the modern home of today! The Glendale Plumbing Company will install the new 1921 sanitary equipment complete even to a porcelain dressing table—very reasonably! Phone or call on Mr. Sheehy and let him figure the cost of making your bath room as attractive and comfortable as the rest of your home.

MARTHA MALICIA

'ROUND THE SPORT CIRCLE

WITH JACK VEIOCK

International News Sporting Editor

NEW YORK, July 30.—Jack Dempsey may have fractured all high-powered, money-earning records for time elapsed in knocking out Georges Carpentier, but if reports regarding what Joe Lynch received for boxing Sammy Sandow last June are correct the West Side bantam takes the belt.

Dempsey, on the basis of \$300,000 for his bit, earned something like \$17.25 a second against Carpentier. Lynch, who fought Sandow at the Boxing Drome in the Bronx earlier in the year, was reported to have taken down \$10,000 for his end. As Sandow lasted just fifty-five seconds with Lynch, the bantam boxer was paid \$181.81 a second for his efforts. Of this fifty-five seconds Sandow spent twenty-six taking counts, so Lynch really was at work only twenty-nine seconds at the rate of \$344.83 a second. All of which is going some.

Sparking of records, this bird "Battling" Ghee made one for getting in and out of the spotlight at Atlantic City.

A change of uniform certainly works wonders with some baseball players. Trades and sales during the recent winter caused many a player to swap uniforms when the big leagues races got under way last spring, and not a few of them are playing better ball than ever before. Rabbit Maranville is a vivid example. Maranville, of course, has long been a wonderful player, but he has seldom shone to better advantage than since he donned a Pittsburgh uniform.

By the same token Johnny Rawlings, who came to the Giants from Boston via the Phillies, has succeeded in filling a yawning gap on Mister McGraw's infield, and Jeff Pfeffer, who went to the Cards from Brooklyn, had little trouble finding himself.

The trade between Boston and Pittsburgh, by the way, was perhaps the most beneficial to both clubs of any that has been made in recent years. Southworth, Nicholson and Barbara have gone a long way toward rejuvenating the punching power of the Braves, and Maranville has certainly done much toward "making" the Pirates.

From recent peeks at the tennis news one comes to the conclusion that Tilden and Johnson will be able to settle the Japanese question if Kumagae and Shimidzu get into the final argument. "Itchy and Shimmy," apparently, will have an anxious time.

Jeff Smith, Jersey's erstwhile globe trotting middleweight, feels the urge of the big coin again and steps forth to say that he would like to mingle with anybody from the best middleweights to the light heavies, which means Johnny Wilson, Mike or Tom Gibbons and Georges Carpentier. Jeff begs to recall to the minds of the fistic fans that he went twenty rounds

with Carpentier in France and is the only man who was ever credited with a defeat of the late Les Darcy.

The lively ball no doubt has had much to do with the remarkable increase in long-distance hitting this season. It has certainly come as a hoodoo to some of our best little infielders as well. Sharp raps down to the infielders look more wicked from the press boxes than ever before, the ball often taking quick, crazy bounds that demand lightning-like speed and judgment on the part of the players guarding the inner circle if they succeed in trapping it. Yet neither the effect on hitting or fielding must be taken too seriously. The game would be devoid of most of its thrills if it was played well-nigh perfect.

**FAMILY REUNION
FOR ROY LOVELL**

The brief home-coming of Roy Lovell, of Corcoran, was the occasion for a Sunday family reunion at the home of his parents, Mr. and Mrs. J. M. Lovell, 505 North Maryland avenue, which was attended by Mr. and Mrs. W. L. Taylor and three children; Mr. and Mrs. D. C. Lovell and children, and Mr. and Mrs. L. W. Havens, of Los Angeles.

Mrs. Roy Lovell, who accompanied her husband when he came Saturday night, went immediately to the home of her parents in Riverside, and today she and her husband are attending the funeral of her brother, Robert West, who was drowned while swimming at Stockton last Friday afternoon.

Mr. Lovell is employed in the mechanical department of the Corcoran Journal, and is returning to his work tomorrow.

**JUNIOR ORCHESTRA

In times of war, government publishes a list of the heroic dead. If only, in times of peace, it would publish a list of the dead beats.

Orange, lemon and grapefruit peel can be saved, cut in strips, left standing in salted water overnight. In the morning parboil in one or more waters to draw out the bitterness of which with grapefruit there is a good deal, though with orange and lemon only a little. Then boil in a thick syrup. Place hot in jars and seal. With boiled rice, it is excellent for desert with syrup and toasted crackers; and it may be used like citron. It is also good to eat like candy. Baskets of candied peel make an attractive birthday gift.

When cake or bread is too brown or is burnt, grate with a nutmeg grater until it is golden brown.

The ragouts of the French are what we prepare from leftovers, but they are not served as any makeshift but as something really good, and they are. So may be your dish from the neck, shin, flank or any tough bit. You will have a pride in developing your talent for making good things at a low cost that you never had in any other accomplishment. The woman who is a good and economical cook usually has a home one likes to stay in!

THRILLING PICTURE AT PALACE GRAND

Seena Owen Has Role of
Anna in "The Woman
God Changed"

There is action aplenty in "The Woman God Changed," which is being shown again today at the Palace Grand Theater, after having had so popular a run yesterday. It is that sort of dramatic action that thrills the biased spectator and makes him sit up and take notice. Every scene, however, is consistent and the logical sequence of incidents is highly artistic. Here are some of them:

When Anna Janssen, a beautiful dancing girl, sacrifices her career to become the common law wife of the man she loves.

When, maddened by his neglect and her jealousy of another woman, she kills him and makes, her escape to Tahiti, where for years she lives in fear of avenging justice.

When she is finally arrested by Thomas McCarthy, a detective, and placed on board a steamship to return home for trial.

When the steamship is wrecked by fire and explosion, Anna and the detective being the only survivors.

When the float on a spar to an island and after years of association, espouse each other.

When a vessel is sighted, McCarthy, who loves his wife, refuses to light the signal fire because he fears to lose the woman he loves. Anna herself lights the fire and both are rescued.

When Anna is convicted of manslaughter and sentenced by the judge to the permanent custody of her husband, with whom she returns to their island, alone, both regenerated. Seena Owen has the role of Anna.

Typified as a comedy that is different, R. S. Jensen, manager of the Palace Grand, is offering with today's bill, "Torchy Mixes In," a film which brings into play the humorous acting of Johnny Hines.

PERSONAL

Misses Margaret and Mabel Overton will be hostesses to the members of the Alpha Omega class of the Central Christian church tomorrow night, at their home in Fernando court. This will be an important meeting of the class, as plans for the entertaining of the Live Cole class will be made, and other matters of importance decided.

Dr. C. A. Brandtetter, of 401 West Wilson avenue, accompanied by his son, Kenneth, motored to San Francisco Friday for a few days' visit with his sons, Oliver and Glenn, who have been there for several weeks. Glenn will accompany his father and brother home tomorrow, but Oliver will remain there for a few weeks longer.

Col. Tom Thornton is moving today from 391 North Brand to 900 Randolph, corner of Campbell. He has had the property, which he bought of Walter Bowers, re-roofed, re-painted and re-papered, and now has a beautiful place. When the many fine residences protected in that vicinity are completed, Col. Thornton says the section will be the abode of Glendale's "400 and—!"

Mr. and Mrs. C. W. Bacon of 900 South Glendale avenue were very much surprised Friday evening, when Mr. and Mrs. H. M. Bell, of Los Angeles, accompanied by Dr. and Mrs. C. S. Medbury, of Des Moines, Ia., called at their home. Mr. and Mrs. Bacon were former parishioners of Dr. Medbury at the University Place church of Des Moines. Dr. and Mrs. Medbury are in California to attend the California State convention of the Christian churches, being held this week in Long Beach. He lectures twice daily during the convention.

After the event, Carpentier's wonderful footwork doesn't impress us so much as his press agent's wonderful head work.

TACOMA PREACHER IN TROPICO PULPIT

The congregation in the Tropic Presbyterian Church was favored on Sunday by an able and eloquent discourse on the theme of "God's Continuing Care of the World," by Rev. S. A. George of Tacoma, Wash.

He made clear that while all powers are ordained of God as taught in Romans 13 chapter, yet the Lord limits, directs and controls the governments of the world.

The speaker illustrated the theme by the pillar of cloud leading the children of Israel out of Egypt, then standing between them and the hosts of Pharaoh and the latter's destruction. Also by other events in ancient and modern history. The searchlight was thrown on various incidents of the World War and the hand of the Almighty was indicated in the overthrow of the Hun and civilization saved from being turned backward a thousand years.

"AZURE BLUE" AURA AT ELKS' HIGH JINKS

About 600 Elks made an azure blue atmosphere at their club house Saturday night, where a jazzy program of athletic stunts, assembled by John Romag, chairman of the committee of arrangements, delighted the crowd. The outstanding number was the very fancy exhibition of Harry Burns, champion bag puncher of the world. He is a prominent figure at the Universal motion picture studio. Boxing and wrestling bouts were put on by members of the Los Angeles Athletic club, and John and Ralph Meyers of Glendale gave a pretty exhibition of boxing. The club orchestra played and refreshments were served.

Rev. Rider Returns

Rev. O. P. Rider, pastor of the Tropic Presbyterian church, has returned from attending the Synod of California at Berkeley, very much enthused over the gathering, said to be one of the best of its kind ever held in this state. He reports that a number of the best-known men of the church, from New York and other cities of the east, were present to address and instruct the Synod.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush
Kidneys if Bladder
Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't eating right, or if bladder bothers you, you get four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

ODD NEWS

His Afterthought

MILTON, Mass.—A 100-page "spirit" message has just been received here. "I, William James, late professor of psychology at Harvard University, Cambridge, Mass., U. S. A., am sending this message. While I was on earth—alive, as you call it—I thought I knew a lot. Now I know that I knew nothing."

So begins the message as "copied" by Mrs. Jane Revere Burke.

Scented Evidence

ATLANTA, Ga.—Policeman Henry McGee, with another officer, was raiding a negro liquor party recently, when McGee, standing under a window, was deluged with the contents of a two-gallon jar of corn whiskey. With his clothes saturated with the "evidence," the officer was upheld by the Recorder, who scattered fines promiscuously among the negroes captured.

Ohio Oddities

SPRINGFIELD, Mass.—Fifteen pinning birds, inmates of the famous bird hospital here, have left with their nurse for Chatham to get the benefit of the ozone there.

Miss Rebecca Harding, a teacher, will be hostess to the birds as well as their nurse.

The songsters represent 12 different breeds and are "charity" patients at the hospital.

Birds Visit Seaside

MARTINS FERRY, O.—Willard Ball, local newspaperman, went fishing in the Ohio.

But—such luck! He caught a chub and tossed in into the skiff. Then he caught a fish of a variety he did not get a chance to determine, because it fell on a diving board and bounce back into the water. His third haul netted a catfish. He gave it to Loy Freeman to hold, but the fish hopped him, causing him to drop it back into the water.

When Ball went to get the chub, it was gone.

NATIONAL HONOR FOR D. P. BARROWS

David Prescott Barrows, president of the University of California, has been named a member of the National Research Council. The Council was formally organized in 1916 by the National Academy of Science. It was established in the interest of preparedness at the request of the president of the United States. Post-war activities of the Council are to be continued at the request of President Harding. President Barrows' appointment is for a period of three years on the Division of States Relations.

OAK STREET NEEDS SHOWN AT MEETING

Councilmen S. A. Davis and Clarence Street Improvement Association Saturday evening, at the home of Mr. and Mrs. J. F. Tatlow, 311 Oak street, to ascertain their attitude relative to the improvement of Oak street. E. A. Carvel was the chief speaker, and presented considerable data, which he had collected, relative to the water system. The secretary of the association, Mr. Tatlow, was instructed to arrange for another meeting, to which members of the City Council will be invited.

FEDERAL VETERANS' BUREAU APPROVED

WASHINGTON, Aug. 1.—The Senate today adopted the conference report on the Smoot-Sweet bill for the creation of a separate federal veterans' bureau, to handle soldiers' cases. The war risk insurance bureau, the vocational educational board and similar agencies, are to be consolidated under the new bureau. It is to be independent of any government department and answerable only to the President and to Congress.

CATHOLIC CHURCH NEAR COMPLETION

The Church of the Holy Family, corner of Elk avenue and Louise street, is nearing completion. S. E. McRae, the contractor, is pleased with the manner in which the construction work is being done. The stonework in the entrance facade has all been placed and now awaits the artist craftsman who is to carve the key-stone above the arched entrance and the plates on either side of it, also the ball in the upper keystone supporting the arch surmounted by the cross, and the pilasters beside the upper windows. The material is sandstone, imported from Boise, Idaho, and is being used for the first time in this city.

The inside plastering is finished and awaits the decorators. The beautiful white capitals which support the arches in relief that embellish the side walls, have all been set. A heavy cornice has just been placed under the balcony which constitutes the organ and choir-loft. Four confessionals have been completed, and the inner and outer altar rails will soon be in position.

Instead of being divided, as first planned, the windows are to be of solid art glass. They are said to be very beautiful, especially the large front window, which cost \$500.

Contractor McRae expects to finish his part of the contract very soon and to have the church ready for decorators and furnishers by August 15.

HEAVEN AND HELL ARE CONDITIONS

Answering the question, "Where is Heaven?" Dr. F. L. Riley, in his lecture at the Masonic Temple before the New Thought society, Sunday morning, gave his congregation considerable food for thought. He declared that heaven and hell are not concrete and are not locations, but are esoteric conditions. Of two persons who rub elbows, one may be in hell and the other in heaven, and their positions may be reversed in the course of a few days. The speaker stated that after studying for 20 years the religions of the world and 60 Bibles, including our own, he has reached the conclusions named. He has found the "silver thread of truth" permeating all religions, with no one bible containing it all.

MATFIELD, GUNMAN, KILLED AT TRIAL

(By International News Service)
WELSH, W. Va., Aug. 1.—Sld Hatfield and Ed Chambers, two of the principal defendants in the great murder trial at Williamson, W. Va., seven months ago, were both shot and killed just before noon here today, by P. E. Lively. The two men were here to face trial for the shooting up of the town of Mohawk, W. Va. An argument ensued and Hatfield attempted to shoot Lively, but the latter was too quick on the draw and beat Hatfield to it.

THOUGHT FOR TODAY—The world is filled with failures, who think everybody is against them, but who failed, because they were given certain tasks to perform and went joy-riding instead of performing them.

A TRANSPORTATION PROBLEM

Popular distrust and antipathy for railroads makes it difficult to get the average man to consider fairly the relation between railroads and motor truck lines through the country. The same holds true of street railways and motor bus lines in cities. A great many people are only too glad to see the railroads and the street car corporations harpooned.

But the increasing number of motor bus lines and truck lines through the country is bringing the issue to a point where it must be dealt with fairly. The simple facts of the cases are these: The railroad company must maintain a track and right-of-way, upon which it pays taxes, as well as upon its rolling stock. The owner of a motor truck uses the state's highway and pays taxes only on its truck. Both operate for a profit and yet the public furnishes the right-of-way for one while the other must build its own. The same holds true in regard to street cars and motor buses.

It is only natural that rail carriers are trying to make a point of the case. They are not only compelled to build their own right-of-ways, but must pay taxes, which, in turn, are used to construct public highways to serve as right-of-ways for their competitors.

But it is a most difficult problem to decide whether the fight which the railroads are making for what they consider equitable relations with motor trucks is merely a fight between the old and the new, or whether the law-makers should consider the claims of the rail corporations and levy some sort of a tax on commercial trucks operating from town to town. The issue is being forced upon the state legislatures and sooner or later they must answer the question.

Leprosy, the most tragic disease of the universe, has stalked like a fiend through history. Science in the past has been helpless to aid the suffering lepers. Now comes the report from the leprosy colony in the Hawaiian Islands that the disease has been scientifically checked and that a number of victims may soon be paroled. The greatness of this achievement may be appreciated by reading biblical references to leprosy.

St. Louis experienced great humiliation when the 1920 census showed that Detroit had passed the Missouri metropolis by approximately two hundred thousand population. Not to be out-classed, however, St. Louis is now planning a subway system.

Ambrose J. Rose, 91 years old, has just secured his third divorce. He says that women are getting worse with every generation. In a few more generations they will probably be so bad that Ambrose will decide never to marry again.

Most people thought we were paying a big price when we made the world safe for democracy, but having the United States safe for prohibition costs a darn sight more.

A Thorough Job
In the cook's absence the young mistress of the house undertook, with the help of an inexperienced waitress, to get the Sunday luncheon. The

flurried maid, who had been struggling in the kitchen with the coffee machine, which refused to work, confessed that she had forgotten to wash the lettuce.
"Well, never mind, Marie," said the considerate mistress. "Go on with the coffee and I'll do it. Where do you keep the soap?"

A Matter of Looks
A homely young English chap, having his view obstructed by the head-gear of the girl in front of him, ventured to protest. "See here, miss," he said, leaning over, "I want to look as well as you."
"Oh, do yer?" she replied, in a rich Cockney accent. "Then you'd better run 'ome and change yer face."

"Well, you see," another friend of the family answered, "Jane Goldbug is slightly deaf, and when the Earl proposed to her she thought he was soliciting for the Red Cross, and so

she told him she was very sorry but she had promised her money in another direction."

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Lemons—Their Value and Uses

Lemons should be an indispensable article on a woman's toilet table. The finest of manicure aids is one teaspoon of lemon juice in a cup of warm water, and one of the best lotions for the hands is equal parts of lemon juice and glycerine in which a little boric powder is dissolved. To rub the feet with lemon juice when they are tired and burning, refreshes them wonderfully, then a little dry boric powder sprinkled in the shoes gives much ease and comfort, and if this treatment is kept up every day the feet can be kept in fine condition.

A good and harmless remedy for freckles is made with four parts of lemon juice, two parts sugar and one part boric powder well mixed and applied occasionally. The juice of a lemon rubbed on the skin and allowed to dry is excellent for cleaning the complexion of blotches as well as improving the texture of the skin. It also prevents tan and freckles. A good and safe powder to use on the face and hands after using lemon juice in any way is made with equal parts of boric powder and pulverized starch.

One can have the hands in strong soap suds without injury, if the hands are rubbed with lemon juice immediately after.

A lemon sliced and served skin and all, after eating onions will destroy both the taste and odor of the onions, and the skin seems more effective than the juice.

The squeezed halves of lemons are excellent cleaners of forks, knives and spoons.

For breaking up a cold there is nothing better than hot lemonade taken upon retiring. This is made by putting the juice of two lemons in a pint of hot water and boiling two or three minutes. Sweeten to taste and drink as hot as possible.

One of the best remedies for a cough, both for children and grown people, is made with the juice of three large lemons, same quantity of boiling water, sugar enough to make a thick syrup and alum the size of a bean, pulverized. Mix well, let boil up once and take off to cool. Dose, one teaspoon every hour. In case of a sudden hoarseness lemon juice and sugar will often give speedy relief, and for obstinate hoarseness or when croup is feared, lemon juice and honey is an almost certain cure.

Two or three slices of lemon in a cup of hot tea will often ward off a headache.

HOW TO GET LEMON FLAVORING

Wash and scrape, if necessary, and then rub a lemon hard with a clean cloth. Dust and dirt, even greasy dirt—perhaps because of the oil in the peel—are to be found on the outside

of a lemon. It is often such dirt as we would use a cleanser or strong coat of soap for if on a dish.

Secondly, with a sharp knife, take off the yellow peel, cutting it as thin as it can be cut. It is the white part that gives of a bitter flavor when cooked. Put this thin peel into a cup or two of milk, in a double boiler, and cook until it is soft, or has flavored the milk sufficiently, then use this milk for making cooked creams and creamed puddings.

This is recommended for several reasons. If more lemon peel were used, more lemonades would be consumed, and these besides being eminently wholesome, are a way of getting the required daily amount of liquid which every individual needs for health.

We lose water, a pint or so a day, in our breath. We lose some from our skin. We lose a great deal from elimination of waste products. Most people do not have systematic ways of restoring this to the body. The average diet contains a pint of liquid. We must get the rest from drinks, about two quarts in all. Our favorite troubles will disappear if we take it—maybe slowly, but surely.

LONG COLD ONES—QUICK!

In summer, keep a preserve-jar full of sirup in the ice-box until needed. This sirup is made by boiling sugar and a small proportion of water together until the combination thickens and becomes sirupy. A little sugar goes much further this way. Very little of the sirup is needed to sweeten lemonade of fruit drinks, and no undissolved sugar is left on the spoon or in the bottom of the glass, as it so often is otherwise.

Never squeeze one lemon at a time, but keep a quantity of the juice in another closed jar. With sirup, lemon and fruit flavors on hand, it takes only a minute or two to serve a delicious and refreshing drink. Shaved ice, vichy, or both, makes it even more delightful.

LEMON ICE

3 pints water, juice of 6 lemons, 3 cups sugar, whites of 2 eggs.

Let the sugar and water boil together for ten minutes; add the lemon juice; strain and cool. When partly frozen add the beaten whites of the eggs.

LEMON ICE CREAM

3 pints thin cream, 1 pound sugar, grated rind of 1 lemon, juice of 2 lemons.

Dissolve the sugar in the cream, reserving about one-fourth of it to mix with the lemon. The lemon must not be added until just before the cream is put in the freezer.

Norma Talmadge will go to Egypt to make "The Garden of Allah" into a picture.

Neal Burns and Viola Daniels will handle the leading roles in a new Christie comedy which will be known as "Twins."

Gladys Walton's next Universal picture will be known as "The Gutter-snipe." Dallas M. Fitzgerald will direct.

Marshall Neilan's "Bits of Life" was given its preview at a Pasadena theater, and it "went over with a bang."

Rex Beach is now supervising the filming of his story, "The Iron Trail." It will be his first picture for United Artists.

Agnes Ayres is now known to her Hollywood friends as the "queen of the roses," because she is an enthusiastic rose culturist.

Edna Ferber's story, "Fanny Hershe told him she was very sorry but she had promised her money in another direction."

The Stagger Toddler
Algy—"Parker, I'm ruined socially! Last night at the ball I drank too much and staggered into everybody."

Valet—"Scarcely that, sir. Everyone's talking of you as inventing a new dance."

Complicated Traveling
"The automotive industry will weather any storm because it is too firmly imbedded in our life. How soon it will reach port depends upon its pilots."

Looking Backward
"How did you get that scar?"
"I got it jumping through a plate-

self," with Mabel Julianne Scott in the leading role, filmed by Universal, is in the near-completion stage.

Louis Joseph Vance's mystery story, "The Black Bag," will be filmed by Universal. Herbert Rawlinson will be starred in the production.

Constance Binney's first picture to be filmed in the West Coast studio of Realart, will be based upon Bret Harte's story, "The Heritage of Dedlow Marsh."

Isobel Wilford, said to be the daughter of Thomas M. Wilford, member of the New Zealand parliament, is playing opposite Art Acord in the Universal western, "The Mayor of Gopher Hole." It is Miss Wilford's film debut.

Harry Myers of "Connecticut Yankee" fame, is playing opposite Marie Prevost in her first Universal starring picture, "The Girl Who Knew All About Men."

Miriam Cooper will have the leading role in R. A. Walsh's production of Peter B. Kyne's "Kindred of the Dust." A logging town will be a scenic feature.

Rupert Hughes, in his new story for the screen, "The Wall Flower," will, it is said, embody an altogether new idea in motion picture photography which he has evolved. It will be produced by Goldwyn.

glass window in London on armistice night."

"What on earth did you do that for?"

"Oh, I don't know. It seemed a good idea at the time."

Where Everything's Quiet
Husband—"The doctor has ordered me to observe the greatest possible quiet."

Helpmate—"In that case, dear, don't you think it would be an ideal time to get back into business?"

Anything to Oblige
"Are you sure you can prove my client is crazy?"
"Why, certainly," replied the eminent alienist. "And what is more, if you are ever in trouble and need my services I'll do the same thing for you."

PEOPLE OF OUR TOWN

Every town has a Jolly Fat Man like this, who likes everybody and whom everybody likes. He's always in Good Humor and goes about dispersing Good Cheer. This Good Scout has just as many troubles as anybody else, but he does All his Wor-rying in Private.

PROVOCATION

"I THINK Kersmith is the worst grouch I ever saw," observed the retired merchant. "I met him this morning and remarked that it was a fine day, and he told me to go to thunder and mind my own business." "Kersmith is a fine citizen," protested the hotel-keeper, "and as a general thing his temper is like sunshine with the bark on it. When a man says something disagreeable to you without provocation, it is pretty safe to assume that he has a secret sorrow." "The other day I met Gooseworthy and asked him how he was feeling, and he scowled at me and said it was none of my business, and intimated that I'd have more friends if I wouldn't always be butting in. Had I been given to jumping to conclusions, like you, I'd have insisted that Gooseworthy was a crank whose head should be bathed in harness oil. But I said to myself that the old man must have some trouble on his mind, which led him to forget the ordinary by-laws and regulations of the game of etiquette, and before I had gone a block I met Farthingdale, who asked me if I had heard about Gooseworthy. "The old man bought a new automobile yesterday," said Farthingdale, "and before he had owned it an hour he ran it into a tree and crumpled it all up, so it wouldn't have fetched \$5 at the junk yard."

"Then I was glad that I hadn't set Gooseworthy down as a confirmed sore-head. You may not know it, but Kersmith was moving from one house to another yesterday, and that job will ruin the disposition of the most enthusiastic optimist in the world. Unless you have moved, you don't know what a nerve-racking experience is."

"When I was younger I used to be moving pretty often, having discovered, after much observation and research, that it was cheaper than paying rent. The moving itself is bad enough, but your experiences after the job is done fairly drive you frantic. You can't find anything you want for a month afterwards. About a thousand things seem to be lost for keeps, but they come bubbling up in the most unexpected places. You find your tooth brush in the toe of a slipper, and your watch in a jar of sauerkraut, and your Sunday necktie in a stuffed dog. When you put on your Sunday hats, you find it half full of carpet rags. There never was such a dog-gone business, and I hold that the man who can move, and still smile a saltily smile, is yet to be born."

"Featherly is one of the sunniest men I ever knew. His face just fairly radiates with happiness, so it would warm up an average room quicker than a furnace could do it. I always considered it a pleasure to meet him, for his joyous demeanor braced me up for the day, and made me feel that life was worth living."

"Two days ago I overtook him on the street and slapped him on the back and asked him how he stacked up. I had done the same a dozen times before, and he had always nearly wrung my hand off in that enthusiastic way of his. And he had slapped me on the back, and told me I was a bully boy with a vitrified eye, on many occasions."

"So you can imagine how I felt when he turned around looking as mad as a group of wet hens. He shook his fist under my nose and danced around, and said, 'You blamed silly fool, swag-backed, knock-kneed imbecile, if you ever again take such a liberty with me, I'll wind your face around your neck and tie your ears together on top of your head.'"

"At first I was mad and inclined to tell him what I thought of him, but just then a man came up and said, 'Featherly, I'm sorry you didn't get the appointment as postmaster,' and then I understood."

Succeeded.

The timid doughboy, on his first day under fire, left his company unceremoniously and fled rearward. He had covered a lot of distance before he pulled up at the command of a portly soldier: "Halt, there! Where are you going?"

"Oh, I'm just going. Who are you?" "I'm General Richardson."

"Holy smokes! I didn't know I'd run as fast as that!"—American Legion Weekly.

GLENDALE PASTOR WELCH WILL OPEN TO ADDRESS VETS CAMPING GROUNDS

The annual encampment of the Southern California Veterans' Association which opens tomorrow at the new Methodist assembly grounds in Santa Monica Canyon, is one of the big events of the year to comrades and members of the Women's Relief Corps.

This year N. P. Banks Post will be represented by Chaplain R. C. Norton, T. M. Barrett, Thomas Gillette, Robert Taylor and T. Fuller.

The latter part of the week a delegation from the local corps will go down. It will be headed by Mrs. Alma Dutton, president, who will be accompanied by Mrs. Priscilla Houdyshell, Mrs. Susie Peck, Mrs. E. W. Sanford, Mrs. Della Hapgood, Mrs. J. W. Denny, and Mrs. R. S. Milligan.

A feature of the opening session will be an address of welcome by Rev. Charles H. Scott, formerly pastor of the First Methodist Church of this city, and now at the head of the Chautauqua movement to be promoted in Santa Monica Canyon. The response will be made by Commander W. C. Miles.

"RULING PASSION" THEME OF SERMON

"The Ruling Passion" was the theme of Rev. Louis Tinning who occupied the pulpit at the Glendale Presbyterian Church Sunday morning in the absence of Rev. W. E. Edmonds. For his text he selected Phil. 3:13-14 "This one thing I do forgetting those things which are behind and reaching forth unto those things which are before, I press forward to ward the mark for the prize of the high calling of God in Christ Jesus."

"It is a bad thing," he declared, "when one's passion or purpose is unworthy or inadequate. Paul, one of the ablest men of all times, was ruled by a single purpose but this was not always so. After Christ came into his life it was: 'This one thing I do.'"

"There is the passion for Christ, the passion for the church, the passion for conquest, and if one has the first he will have the other two. They will grow out of it. Give Jesus Christ the supreme place in your life and after that all other things will adjust themselves naturally. It is a tremendously important thing to live for Jesus Christ."

"I would stir each one of you into a passion for conquest. Away yonder in far heathen countries are millions who know nothing of salvation. How much concerned are you?"

Special release—"MI. MI." Paul Biese Trio and Frank Crumit. Kennedy's Music Shop, 203 North Brand. Phone Glendale 65-W.—Advertisement.

The effort of congress to standardize nuts was not, as commonly supposed, an effort to suppress individuality in the house.

Abraham's Oak Tree.
When Abraham was promised a possession of the land of Canaan, it is recorded, he was commanded to walk through the land, whereupon he removed his tent, and came and dwelt in the plain of Mamre, which is in Hebron, and built there an altar to the Lord. It is stated that this spot is still marked by a great oak tree, venerated alike by Christian, Jew and Mohammedan. Its preservation in a region cleared of almost all trees by the improvident, Turks is attributed to the protection by all religions.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

SEWER BIDS WILL BE OPENED AUG. 4

Opening of bids for the construction of the new sewer has been deferred until Thursday, it was announced today by Secretary J. M. Rhoades of the Chamber of Commerce.

"Under the plan proposed, the city will have a system which can readily be changed from a septic tank to outfall disposal of sewage. Until we have secured a good outfall, we shall use the septic tanks. After the outfall is secured, it can be connected direct and the tanks eliminated. It will be a permanent system of adequate capacity," he said.

The close up may be all right in the movies, but it is rather distressing when applied to factories.

Five Dollar Gold Pieces For \$4.50 ?

No one could make this offer and get away with it very long. But The Daily Press offers a bigger bargain than the above. At least dozens of our readers have told us so. The big value is in the Classified Ads. It may cost you 30 cents or 50 cents or, if it runs several days, a dollar, but it is almost a certainty if you have

Something to Sell The Public Wants

you will make more money from the insertion of a Classified Ad than were we to give you a \$5 gold piece for \$4.50. Hundreds of people testify to the selling power of Daily Press Classified Ads. If you have a house, a lot, an automobile, poultry or, in fact, anything you want to sell try a Classified Ad in The Daily Press and you will be surprised at the results from such a small investment.

Costs Little and Results are Big

There is nothing that will pay better in results than a Classified Ad. Hundreds of people can testify to this fact, and you will do the same after you have given the proposition a thorough trial in this paper.
